

LIVING WATERS

STOREHOUSE

BUILDING RHYTHMS OF GENEROSITY WHERE SHARING WHAT WE HAVE BECOMES PART OF OUR EVERYDAY LIFE AS A CHURCH.

The heart behind *the Storehouse*

Following Jesus teaches us to notice the people around us and respond with what we have.

The LW Storehouse gives us a practical way to do that together. A bag of groceries, a package of diapers, or a bottle of laundry detergent can help ease the pressure someone is carrying.

Our hope is to build a rhythm of generosity—where sharing what we have becomes part of our everyday life as a church.
